

Innovative Ag Products

Miscellaneous Accessories

Key Features

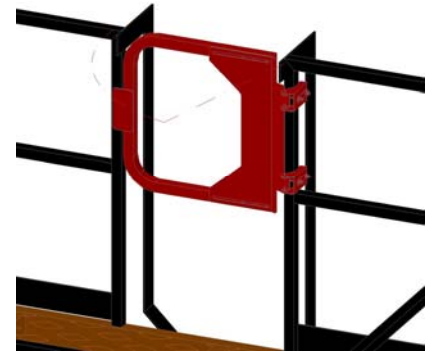

- Customizable Options
- In stock products
- No hassle shipping
- Field proven design for ease of installation and use

Options Available

- Custom and standard sized products
- Custom Colored products
- Built in safety features
- Complementary items available

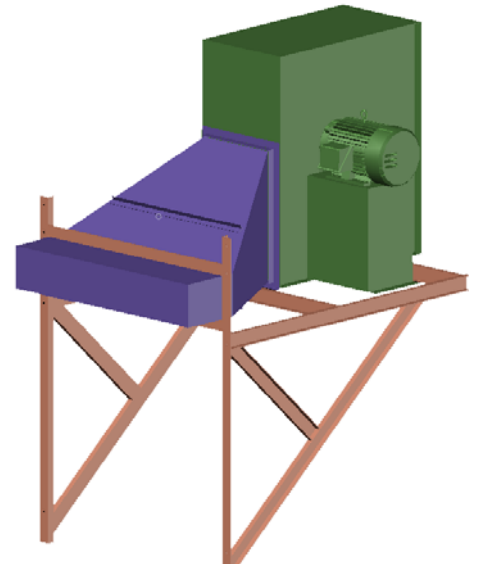

Safety Gates

IAP's safety gates come with easy attach clamps for quick installation and gate width adjustment. This makes for quick and easy installation with minimal effort.

Aeration

Standard and custom fan support stands and fan transitions are available for purchase for any aeration system. Noise mitigation options are also available upon request.

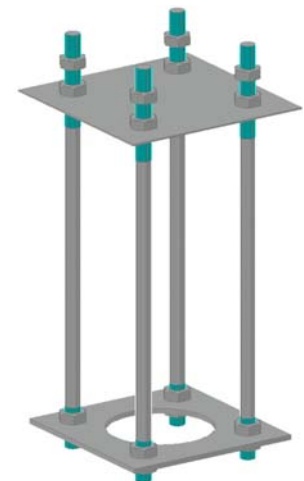

Manholes

Custom and standard sizes available. Man holes can be a drive over, standard, or a vented man hole. Typical applications include cover pit access holes with a hinged cover to prevent accidental injuries due to falls. Inside this man hole are normally a ladder or stair system that can be custom designed to suit the needs of our customers.

Concrete Embedment's

Pre-engineered embedment's used to anchor structures, supports, equipment, and etc. into concrete. Custom designs and sizes are available.
